

Notification from UKBR22 Committee

Following the UKBR22 annual general meeting and the following events the committee must inform the membership that Mr Carl Hanson has resigned his position as Chairman and the committee as from 30th September 2019.

Mr Hanson was voted back in as the associations Chairman at the annual general meeting but has decided that he does not wish to continue in this post.

I would like to thank Mr Hanson on behalf of the committee and the members of the association for all his hard work and diligence he has shown during his time at the head of our association. I am sure he will be missed by many members, but feel sure we will still see him at competitions in the UK and around the world.

Mr Colin Rose has agreed to act as the association's chairman until the next annual general meeting.

In future if all correspondence can be sent to Colin (email is available on the associations website) every effort will be made to deal with all enquiries.

Thank you

UKBR22 Committee.
